School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

MISSION STATEMENT

The mission of Lang Ranch Elementary School is to maximize student potential by working collectively to educate the whole child. The expected achievement of our “life-long learners” includes the ability to read, comprehend, compute, calculate, problem solve, organize, communicate, inquire, create, design, and research. In addition, the student's moral character and cultural/social needs are addressed in a safe and nurturing environment that promotes self-reliance and a growth mindset.

SCHOOL DESCRIPTION

Lang Ranch Elementary is a 60,000 square foot, single story, indoor hallway structure that opened in 1998. Lang Ranch Elementary is located in the heart of our neighborhood and has a current enrollment of 710 students in grades K-5.

Lang Ranch prides itself on meeting the needs of every learner. The school has specialized support programs and models to meet diverse student needs. The GATE (Gifted and Talented Education) program at Lang Ranch has robust staff and parent support that allows for many activities. These include special programs as well as in-class differentiation through the cluster-grouping model. The school strengthens exceptional learners with an MTSS (Multi-Tiered System of Support) model that allows teachers to meet the individual needs of students by building increasing support as the level of need increases. The school also provides a number of intervention and extended learning opportunities for students in need of assistance. In addition, the school’s Learning Center assists students qualifying for special education services.

Lang Ranch prides itself in educating the whole child. The school does an outstanding job of providing a solid curricular foundation in all the content areas. Additionally, the school maintains a character education program, a visual and performing arts program, a physical education program, and a music program (band, strings and chorus) that provide a solid foundation to our students in a well-rounded manner.

Lang Ranch is moving into the future with a focus upon the 21st Century Skills known as “The 4 C’s” – communication, collaboration, critical thinking, and creativity. Students are prepared for the world of the future with an emphasis on these skills via digital and non-digital tools. All primary classrooms have desktop computers, while upper grade classrooms have Chromebooks and laptops for students to access their Google Accounts. The school has two computer labs with workstations for up to 36 students. Classrooms have interactive boards, panels or an LCD projector and document camera for presentation purposes. In 2012, the school began the use of iPads as a teaching and learning tool with the purchase of a bank of iPads for student use in each classroom. We have also purchased 5-10 iPads for each classroom to serve as an additional creation and research tool. All the media content from the school library (audio and video) is digitized and available for teachers on demand in the classroom. The entire campus has wireless access.

Lang Ranch is also pleased to be the home of SHINE, the district’s elementary Home and Independent Study Program. Students and families access SHINE on the Lang Ranch campus weekly and participate in an individually designed program for students and families to be educated at home based on state and district guidelines and standards.

With all of this in place, Lang Ranch takes great pride in supplying a program that allows every child to reach their personal best through differentiation, support, and quality instruction.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: January 2020

All TK-12 students have current standards-based textbooks in math, science, history/social science, and English/language arts. With each curricular cycle established by the State of California, the Conejo Valley Unified School District (CVUSD) Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, math, history/social science, science, health and foreign language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing current state standards and frameworks, analyzing student data, writing courses of study (as required) and selecting and maintaining current instructional materials. The goal of such district-wide committees comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. On October 1, 2019, the CVUSD Board of Education approved a resolution for the 2019-2020 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

Each fall, a team that consists of all or many of the following personnel, inspects each school in the Conejo Valley Unified School District: Site Administrator, Director of Maintenance and Operations, Director of Planning and New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any observed condition that represents a threat to the health and safety of students and staff is annotated for immediate correction. Notes include items that could improve the utility, appearance, sustainable maintenance, or safety of the school and are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District schools' needs and the funds available to address those needs. The Board of Education approves the final list in the spring, so the majority of the projects detailed are completed the following summer. Funds available through participation in the State's Deferred Maintenance Program represent a significant source of support for the annual Major Projects List each year. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction and has had no required contribution to the Deferred Maintenance Fund since the 2008-09 school year. Therefore, the State's annual contribution is available to use for other "educational purposes". This flexibility continues through the current school year. Deferred Maintenance Program projects will be prioritized and financed with carryover funds from previous budgets or as augmented by future funds.

The District provides 2 full-time custodians at Lang Ranch Elementary and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Lang Ranch Elementary was opened in 1998. Sited on 8.02 acres of land, the school has 35 classrooms, a multipurpose room, a library, and an administration building. The current capacity at Lang Ranch is 720 students. The District Site Inspection Team assessed the school on December 26, 2019.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	73	77	57	58	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Lang Ranch Elementary School is proud to be a member to the National Parent Teacher Association, PTA. Our PTA exemplifies a working and productive PTA that supports Lang Ranch students 100%. It maintains a very active calendar with details on our school web site, www.langranchelementary.com. Lang Ranch invites all parents to get involved in their child's education by becoming a volunteer. With about 50% of our parents finding time in their busy lives to come to school and work at least one time a week, we have been able to differentiate curriculum to better meet every child's needs. In addition to a supportive PTA, there is a very active School Site Council (SSC) with monthly meetings open to the public. Parents' representation is evident at our Gifted and Talented Education (GATE) program and our English Learner Advisory Committee (ELAC) program throughout the year. If you are interested in knowing how to become more involved or wish to go on a tour of Lang Ranch Elementary, please contact the principal, Dr. Dena Sellers, at dsellers@conejousd.org or call (805) 241-4417.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Site-specific Comprehensive School Safety Plans covering school site facilities are updated each year and reviewed with site council and school staff. Safety plans include SEMS assignments, emergency response teams and contact information, emergency supply inventory, specific school site information (layouts, schedules etc.), school rules related to discipline and safe schools, staff rosters, and identification of emergency assembly areas. Related District policies and administrative regulations are reviewed and updated on a regular basis to remain current and consistent with new law.

A communication system consisting of alternate powered and mobile two-way radios has been assigned to each site and tested at least annually. Each classroom and office has a phone with dial out and 9-1-1 capability.

The District's Human Resources Department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also employed an Automated External Defibrillator program at each location.

The District works in collaboration with the City of Thousand Oaks, the Conejo Recreation and Park District, the Ventura County Sheriff's Department, and the Red Cross in coordinating response and resource allocations in major emergencies. Certain school sites have been identified for use as emergency shelters. Additionally, each comprehensive high school has a School Resource Officer assigned as part of the school community.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

Per pupil expenditures include funds expended for all instructional services. These include transportation, Child Nutrition, health services, counseling services/mental health services, instructional materials, and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI (school choice) and Alternative Support Services (seven elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners/LEP, and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the District. The Conejo Schools Foundation, PTAs, and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

The Conejo Valley Unified School District is committed to providing professional learning activities for all classified and certificated staff members. Staff continues to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards. A robust professional learning effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities. The District's Local Control Accountability Plan (LCAP) prioritizes an entire goal with subsequent actions and services in order to "ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes."

Professional learning strategies such as workshops, institutes and academies, as well as job-embedded activities relate to College and Career Readiness, Positive Behavior Support, Smarter Balanced Assessments, and other required skills and competencies to meet the needs of all students. Professional learning topics align with District and school site needs identified through and outlined within the District's LCAP goals and the schools' School Plan For Student Achievement. Professional learning for high school faculty and staff members align with each school's WASC action plan.

The District also provides an accredited and free Teacher Induction Program to first and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

Site administrators receive continuous training at weekly meetings and through a full-day training at the start of the school year. In addition, the Ventura County Office of Education offers a professional learning series specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, social-emotional learning, supervision, evaluation, and leadership.

In addition to professional learning activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional learning activities to every educator to improve the instructional process and enhance student achievement. Teachers and administrators participate in three full-day trainings to support curriculum, instructional technology, assessment, report cards, instructional strategies, and the use of data to teach all students.
