## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2017-18)**

As a Gold Ribbon School, the mission of Conejo Elementary School is to empower students with standards-based knowledge, skills, and character qualities necessary to lead successful, responsible, culturally respectful, and meaningful lives. The dedicated efforts and collaborative interaction of teachers, families, and our community support high expectations for individual student achievement and behavior. Students secure opportunities and tools through Stephen Covey's 7 Habits of Happy Kids Program so they will become:

- Independent learners who have mastered a challenging, core curriculum and believe themselves to be capable, significant, and able to mold their own future as they reflect on their personal accomplishments and direct their own thinking.
- Skillful communicators who are able to readily acquire and effectively express information, ideas, and emotions through reading, writing, speaking, listening, and use of technology.
- Problem-solvers who are able to generate practical and innovative solutions to complex problems using critical and creative problem solving skills.
- Socially conscientious citizens who are responsible for their own behavior, able to work collaboratively, and demonstrate honesty, empathy, fairness, and respect for others as contributing citizens in their ever-expanding world.

### **SCHOOL DESCRIPTION**

Conejo Elementary is a unique campus in that it houses two schools: a neighborhood K-5 school and the Open Classroom Leadership Magnet (OCLM) a K-5 magnet school. Students on the whole campus share playgrounds, recess times, lunch times, and specialists, as well as use of all the school facilities. The neighborhood classrooms follow the standards-based adopted curriculum of our school district and state. Students benefit from several enrichment and intervention opportunities on campus funded through our Title I program. OCLM students participate in a hands-on, standards-based, project based learning environment where parent participation is an essential component. Teachers in OCLM have training in working in Open Environments where student choice is a part of the school day. The OCLM students also benefit from Title I services on our campus through intervention and computer lab instruction. The whole campus works cohesively to provide the kind of learning environment where students feel respected and honored on a daily basis for their unique talents and individual gifts.

**A. Conditions of Learning**

**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)**

**Year and month in which data were collected:** November 2016

All K-12 students have current standards-based textbooks in math, science and history/social science and English/Language Arts. With each curricular cycle established by the State of California, the Conejo Valley USD Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in Grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, Math, History/Social Science, Science, Health and Foreign Language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing state current standards and frameworks, analyzing student data, writing courses of study, as required, and selecting and maintaining current instructional materials. The goal of such district-wide committees, comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. CVUSD is currently working within the adoption process for Math and ELA at grades 6-12. On October 18, 2016, the CVUSD Board of Education approved a resolution for the 2016-2017 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Each fall, a team that consists of all or many of the following personnel, inspects each school in the Conejo Valley Unified School District: Site Administrator, Director of Maintenance & Operations, Director of Planning & New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas, including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any observed condition that represents a threat to the health and safety of students and staff is annotated for immediate correction. Items noted which could improve the utility, appearance, or safety of the school are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District school needs and the funds available to address those needs. The final list is approved by the Board of Education in the spring, with the majority of projects completed the following summer. Each year the District participates in the State's Deferred Maintenance Program and these funds have been a significant source of support for the annual Major Projects List in recent years. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction (OPSC). The District has not been required to make its normal contribution to the Deferred Maintenance Fund since the 2008-09 school year and the State's annual contribution has been utilized for other "educational purposes", with this flexibility continuing through the current year. Deferred Maintenance Program projects will be prioritized and funded with carryover funds from previous budgets or as augmented by future funding.

The District provides 2 full-time custodians at Conejo Elementary and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Conejo Elementary was opened in 1958. Sited on 12.5 acres of land, the school has 30 classrooms, a multipurpose room, a library, and an administration building. The campus underwent modernization in 2000, replacing and upgrading underground utilities, restrooms, doors, and improving accessibility under ADA. The current capacity at Conejo is 590 students. The District Site Inspection Team assessed the school on October 24, 2017.

### School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students  
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	28	28	66	67	48	48
Mathematics (grades 3-8 and 11)	32	22	58	59	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in ELA by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	193	188	97.41	28.19
Male	110	107	97.27	27.1
Female	83	81	97.59	29.63

Socioeconomically Disadvantaged	193	188	97.41	28.19
English Learners	131	129	98.47	18.6
Students with Disabilities	20	18	90	5.56

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

English Learners	131	129	98.47	13.95
Students with Disabilities	19	17	89.47	5.88

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	23	40	80	77	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	21.3	14.8	11.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

There are many opportunities for parents to be involved in their child's educational experience at Conejo Elementary. Parents, grandparents, and community members volunteer daily in the classrooms, library, office, and computer lab to assist teachers, work in small groups with students, and help with special activities on campus. PFA (Parent Faculty Association) and SCOPE (Supporters of Conejo Open Program Endeavors) provide enrichment for our students by raising money for Art and Music classes and promoting school wide community building activities such as our Movie Night and Family Math and Science Nights. Parents serve on our School Site Council helping to establish our school vision and carry out our school mission by overseeing the annual school plan and monitoring budgets. Family Nights feature hands-on activities in reading, math, and science and are linked to the classroom instructional program. Our English Learner parents also participate in ELAC (English Learner Advisory Committee) and help guide the program for our English Learners. There are several parent education opportunities on and off campus for our families including Parents Making a Difference, English Language Classes, and parenting workshops focusing on Stephen Covey's 7 Habits of Highly Effective Families. Contact Kari Taketa, Principal, at (805) 495-7058 for more information.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

## School Safety Plan (School Year 2017-18)

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District's Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District also has partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff's & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Other	8.8	N/A

Note: Cells with N/A values do not require data.

\*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

**Expenditures per Pupil and School Site Teacher Salaries (Fiscal Year 2015-16)**

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/ Restricted	Basic/ Unrestricted	
School Site	\$7,524	\$1,818	\$5,705	\$69,906
District	N/A	N/A	\$5,923	\$78,911
Percent Difference: School Site and District	N/A	N/A	-3.7	-12.1
State	N/A	N/A	\$6,574	\$77,824
Percent Difference: School Site and State	N/A	N/A	-14.2	-10.7

Note: Cells with N/A values do not require data.

**Types of Services Funded (Fiscal Year 2016-17)**

Per pupil expenditures include funds expended for all instructional services. These include transportation, food services, health services, counseling services / mental health services, instructional materials and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI transportation (school choice) and Alternative Support Services (Six elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners / LEP and Immigrant (All Schools) and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the district. The Conejo Schools Foundation, PTA’s and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as: College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

**Teacher and Administrative Salaries (Fiscal Year 2015-16)**

**Professional Development (Most Recent Three Years)**

The Conejo Valley Unified School District is committed to providing professional development activities for all teachers and administrators. Both groups continue to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards and beyond. A robust professional development effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities.

Professional development strategies such as workshops, institutes and academies, as well as job-embedded activities relate to College and Career Readiness, Smarter Balanced Assessments, and other required proficiencies meeting the needs of all students. Professional development topics align with District and school site needs identified through and outlined within the District and schools' LCAP goals. Professional development for high school faculty and staff members align with each school's WASC action plan.

The District also provides a free New Teacher Induction Program to first and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

The Ventura County Superintendent of Schools Office offers a professional development series specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, literacy intervention technology, supervision, evaluation, and leadership.

In addition to professional development activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional development activities to every educator to improve the instructional process and enhance student achievement. Teachers and administrators participate in full-day trainings to support instruction, including the opportunity to collaborate with their colleagues. In addition, the District provides all teachers with 18 hours per year of staff development completed outside of their workday related to curriculum, instructional technology, assessment, report cards, instructional strategies, and using data to close the achievement gap. These 18 hours are completed through a combination of resources including workshops, conferences, and online and virtual professional development.
