School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

MISSION STATEMENT

The mission of Weathersfield Elementary School is to provide innovative academic and co-curricular programs that provide students a lifelong love of learning and the opportunities to develop their interests, talents and abilities. In addition, we provide a variety of fine and performing arts and activities programs designed to enhance our students' academic experience and to develop the "whole child".

SCHOOL DESCRIPTION

Weathersfield Elementary is a 2014 California Distinguished School located in the northeast corner of the Conejo Valley. The school currently serves 318 students from transitional kindergarten through fifth grade. Weathersfield Elementary School is staffed with a dedicated group of professionals who are committed to providing a rich learning experience for our students. We expect students to maintain high standards of citizenship and scholarship. Our school has a strong academic focus which is enhanced by technology in every classroom including Promethean boards, hand held devices, and access to two computer labs. In addition, we have a new science lab and two music rooms used for music instruction, band and strings.

At Weathersfield, through our Character Program, we emphasize the importance of making good choices and decisions to our students which will ultimately lead to being a good citizen and good friend. We offer a variety of rewards programs, including; "Caught Being Good" slips, classroom motivational acknowledgement programs, Principal Awards, Student-of-the-Month assemblies which include Star Students and Teacher Choice Awards, and Student Council sponsored activities and events. Students in grades three through five can join our Community Outreach program which provides the children with opportunities to work and connect with a variety of community service projects, both within the Conejo Valley and beyond. Program offerings include chorus, band and strings. We also have the services of a school counselor once every week. Policies and procedural updates along with upcoming school activities are regularly communicated through the use of our weekly newsletter (Eagle Flyer), phone messages, e-blasts, text messages, school and PTA websites, PTA Facebook and Twitter (@GoWeathersfield).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: July 2018

All K-12 students have current standards-based textbooks in math, science, history/social science, and English/language arts. With each curricular cycle established by the State of California, the Conejo Valley Unified School District (CVUSD) Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, math, history/social science, science, health and foreign language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing current state standards and frameworks, analyzing student data, writing courses of study, as required, and selecting and maintaining current instructional materials. The goal of such district-wide committees comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. On October 16, 2018, the CVUSD Board of Education approved a resolution for the 2018-2019 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

Each fall, all schools in the Conejo Valley Unified School District are inspected by a team which consists of all or many of the following personnel: Site Administrator, Director of Maintenance and Operations, Director of Planning and New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of area including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any condition observed that represents a threat to the health and safety of students and staff, is annotated for immediate correction. Items noted which could improve the utility, appearance, or safety of the school are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District school needs and the funds available to address those needs. The final list is approved by the Board of Education in the Spring, with the majority of projects completed the following Summer. Each year the District participates in the State's Deferred Maintenance Program and these funds have been a major source of support for the annual Major Projects List in recent years. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction (OPSC). The District has not been required to make its normal contribution to the Deferred Maintenance Fund since the 2008-09 school year and the State's annual contribution has been allowed to be used for other "educational purposes", with this flexibility continuing through the current year. Deferred Maintenance Program projects will be prioritized and funded with carryover funds from previous budgets or as augmented by future funding.

The District provides 2 full-time custodians at Weathersfield Elementary and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Weathersfield Elementary was opened in 1962. Sited on 8.76 acres of land, the school has 24 classrooms, a multipurpose room, a library, and an administration building. The campus underwent modernization in 2000, replacing and upgrading underground utilities, restrooms, doors, and improving accessibility under ADA. The current capacity at Weathersfield is 480 students. The District Site Inspection Team assessed the school on 12/12/18.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	49.0	66.0	67.0	63.0	48.0	50.0
Mathematics (grades 3-8 and 11)	43.0	62.0	59.0	57.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

There are numerous opportunities for classroom volunteers at Weathersfield Elementary School. Many teachers utilize parents to assist with supporting student learning, help with materials, and chaperone field trips. Parents also run our Art Trek Program, assist in our computer labs and library.

We have an active and supportive Parent Teacher Association (PTA) with scheduled Board meetings once per month, two annual general membership meetings and numerous sub-committee activities and meetings throughout the school year. The PTA provides weekly information to families along with our school news in our Eagle Flyer newsletter. The PTA funds many important programs and supports for our students, including: academic intervention, science, computer software and technology support, music, art, classroom supplies and a field trip per grade level. Weathersfield's PTA provides our students with educational assemblies, academic enrichment nights (Literacy, Science) and a variety of activities including: Red Ribbon Week, Trunk or Treat, Rummage Sale, Movie Night, Reading and Science Nights, etc. All parents have the opportunity to participate on our School Site Council (SSC) where they can be involved in making decisions and recommendations that directly impact the education of their children. Parents of English Learners (ELs) are strongly encouraged to participate in the English Learner Advisory Committee (ELAC). The ELAC committee reviews the school's EL Program components, language attainment goals, and the EL budget. ELAC committee members are encouraged to engage in the education of their children by being part of the decision-making process.

For information on volunteering at Weathersfield Elementary School, please contact the school office at: (805) 492-3563

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2018-19)

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District's Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District also has partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff's & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2017-18)

Per pupil expenditures include funds expended for all instructional services. These include transportation, food services, health services, counseling services / mental health services, instructional materials and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI transportation (school choice) and Alternative Support Services (Six elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners / LEP and Immigrant (All Schools) and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the district. The Conejo Schools Foundation, PTA’s and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as: College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

Professional Development (Most Recent Three Years)

The Conejo Valley Unified School District is committed to providing professional learning activities for all classified and certificated staff members. Staff continues to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards. A robust professional learning effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities. The District's Local Control Accountability Plan (LCAP) prioritizes an entire goal with subsequent actions and services in order to "ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes."

Professional learning strategies such as workshops, institutes and academies, as well as job-embedded activities relate to College and Career Readiness, Positive Behavior Support, Smarter Balanced Assessments, and other required skills and competencies to meet the needs of all students. Professional learning topics align with District and school site needs identified through and outlined within the District's LCAP goals and the schools' School Plan For Student Achievement. Professional learning for high school faculty and staff members align with each school's WASC action plan.

The District also provides an accredited and free Teacher Induction Program to first and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

Site administrators receive continuous training at bi-weekly meetings and through a full-day training at the start of the school year. In addition, the Ventura County Office of Education offers a professional learning series specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, social-emotional learning, supervision, evaluation, and leadership.

In addition to professional learning activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional learning activities to every educator to improve the instructional process and enhance student achievement. Teachers and administrators participate in three full-day trainings to support curriculum, instructional technology, assessment, report cards, instructional strategies, and the use of data to teach all students.
