

- It is the employee's responsibility to give their supervisor, principal, and/or designee a copy of their doctor's medical status report every time a doctor is seen.
- A copy of the medical status report must be provided to Risk Management.
- As needed, the decision to accommodate a new or modified work restriction may be discussed between the injured worker, the supervisor, Human Resources and Risk Management.
- After your initial doctor's visit, all future medical appointments must be made outside of work hours. If this is not possible, please discuss with your supervisor and contact Risk Management.
