GATE testing at school sites for ALL 3rd grade students and teacher/parent referrals for students in 4th grade and above. Test given is the Otis Lennon School Ability Test (OLSAT) conducted on the computer in computer lab.
Testing Window January through February. MUST have a signed consent form to test.
Substitute teacher paid for by GATE.

Students that do not immediately qualify for GATE, but have many indicators, will take the Slosson Intelligence Test Revised (SIT-R) as an individual assessment at the school site beginning in April. Testing often continues throughout the summer. Testing during the summer is at the District Office.

OLSAT results and GATE determination for all grades in April. District Office updates Q in programs

Results mailed to the parents. School sites receive a hard copy sent to GATE Facilitator/Principal to update internal list then give to the office manager to file in cum folders. Results entered into Q under Programs.

Students that do not initially qualify for GATE, but have strong non-verbal scores, will be given a non-verbal, computer based assessment the (NNAT-2) in April. Test given either at student's school site or at the District Office.

Transfer students are accepted throughout the year. Have parents submit the Parent Letter & documentation from their previous district preferably including the test given and the student's scores. Student Support Services will make the eligibility determination, then update the student's record in Q, inform both the parents and the school.
