Students

Health Screening For School Entry

Comprehensive Health Screening for Grades K-1

***Note: Health and Safety Code 124085 requires students to have a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter, as provided below. At their discretion, districts may revise the following paragraph to require proof of the health screening before the student is admitted to school (kindergarten or grade 1), as recommended by the Child Health and Disability Prevention (CHDP) office of the California Department of Health Services (DHS) in its CHDP School Handbook: School Entry Health Examination Requirements. ***

Note: Pursuant to Health and Safety Code 124085, evidence of the comprehensive health screening must be provided on a form developed by the DHS. Districts may obtain the DHS "Report of Health Examination for School Entry" certification form through the CHDP program office at the local health department or on the CHDP web site.

The parent/guardian of a student in kindergarten or first grade shall submit to the Superintendent or designee a certification form developed by the California Department of Health Services (DHS) and signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. (Health and Safety Code 124040, 124085)

(cf. 5111 - Admission)

(cf. 5141.3 - Health Examinations)

Note: Pursuant to Health and Safety Code 124100, the notification described in the following paragraph must be provided in cooperation with the county's CHDP program established pursuant to Health and Safety Code 124025-124110. The CHDP program provides state-reimbursed health examinations at no cost to eligible students, including those who (1) are certified as eligible to receive Medi-Cal, (2) are not certified as eligible for Medi-Cal but have a family income at or below the level established annually by the DHS, or (3) are attending a Head Start or State Preschool program. Annual eligibility criteria for the CHDP program are available on the DHS web site and in its CHDP School Handbook: School Entry Health Examination Requirements.

The Superintendent or designee shall notify parents/guardians of all kindergarten students of the requirement to obtain a health screening and of the availability of the Child Health and Disability Prevention (CHDP) program established pursuant to Health and Safety Code 124025-124110 to assist eligible low-income families in obtaining the health screening. (Health and Safety Code

124100)

(cf. 5145.6 - Parental Notifications)

***Note: The following optional paragraph reflects legislative intent in Health and Safety Code 124105 encouraging students to complete the health screening in conjunction with immunizations prior to enrolling in kindergarten. The CHDP School Handbook: School Entry Health Examination Requirements recommends that schools include the parent/guardian notice in the kindergarten registration packet because it has been found to be most effective to collect the certification forms at kindergarten entry. ***

The notice and certification form shall be included with the notification of immunization requirements provided to parents/guardians prior to their child's enrollment in kindergarten and shall encourage completion of the health screening simultaneously with immunizations. The notice shall also be provided to the parent/guardian of any student who is enrolling in first grade without having attended kindergarten in the district.

(cf. 5141.31 - Immunizations)

In lieu of the certification, the parent/guardian may submit a waiver on a form developed by DHS indicating that he/she does not want or is unable to obtain a health screening. If the waiver indicates that the parent/guardian was unable to obtain the services, the reasons should be included in the waiver. (Health and Safety Code 124085)

The waiver form shall be provided to a parent/guardian upon request.

The completed certification form or the waiver shall be maintained in the student's health file or cumulative record. (5 CCR 432)

(cf. 5125 - Student Records)

During the first 90 days of the school year, the Superintendent or designee may contact any parent/guardian of a first-grade student who has not provided either the certification form or the waiver to ensure that the parent/guardian understands the health screening requirement and, if appropriate, his/her possible eligibility for the CHDP program.

The Superintendent or designee shall exclude from school, for not more than five school days, any first-grade student who does not present evidence of a health screening or a waiver on or before the 90th day after entering first grade. The exclusion shall begin on the 91st day after the student's entrance into the first grade, or if school is not in session, then on the next succeeding school day. (Health and Safety Code 124105)

Note: Pursuant to Health and Safety Code 124105, the exemptions described in the following paragraph may not exceed five percent of the district's first-grade enrollment.

The Superintendent or designee may exempt a student from exclusion when his/her parents/guardians have been contacted at least twice between the first day and the 90th day after the student's enrollment in first grade and the parents/guardians refuse to provide either a certification form or a waiver. (Health and Safety Code 124105)

(cf. 5112.2 - Exclusions from Attendance)

Oral Health Assessment for Grades K-1

***Note: The following optional section reflects Education Code 49452.8, as added by AB 1433 (Ch. 413, Statutes of 2006), which requires certification that a student enrolling in school for the first time, either in kindergarten or first grade, receives an oral health assessment. As required by Education Code 49452.8, the California Department of Education (CDE) has developed a standardized form, available on its web site, to be used by all districts to obtain the certification of the assessment. ***

No later than May 31 of the relevant school year, the parent/guardian of a kindergarten student, or first-grade student who was not previously enrolled in kindergarten in a public school, shall certify that the student has received an oral health assessment. The oral health assessment shall have been performed by a licensed dentist or other authorized dental health professional no earlier than 12 months prior to the date of the student's initial enrollment. The parent/guardian shall submit to the Superintendent or designee a California Department of Education standardized form which has been completed and signed by the dental health professional. (Education Code 49452.8)

The Superintendent or designee shall notify parents/guardians of the oral health assessment requirement. The notification shall, at a minimum, consist of a letter that includes all of the following: (Education Code 49452.8)

1. An explanation of the administrative requirements of the law
2. Information on the importance of primary teeth
3. Information on the importance of oral health to overall health and to learning
4. A toll-free telephone number to request an application for Healthy Families, Medi-Cal, or other government-subsidized health insurance programs
5. Contact information for county public health departments
6. A statement of privacy applicable under state and federal laws and regulations

The notification and certification form shall be provided to parents/guardians when they register their child for school.

The student may be excused from complying with the oral health assessment if his/her parent/guardian indicates on the standardized form that it could not be completed for any of the following reasons: (Education Code 49452.8)

1. Completion of an assessment poses an undue financial burden on the parent/guardian.
2. The parent/guardian lacks access to a licensed dentist or other dental health professional.
3. The parent/guardian does not consent to an assessment.

Students who are not assessed, or for whom the parents/guardians fail to return the standardized form, shall not be excluded from school attendance.

By December 31 of each year, the Superintendent or designee shall report data on oral health assessments to the county office of education in accordance with Education Code 49452.8.

The report shall also be provided to the Governing Board. The identity of any student shall not be included in the report.
