Instruction

Nondiscrimination and Equivalent Opportunities in the Athletic Program

No person shall be excluded from participation in, be denied the benefits of, be denied equivalent opportunity in, or otherwise be discriminated against in interscholastic, intramural, or club athletics on the basis of actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race, ancestry, national origin, religion, color, mental or physical disability, or any other basis specified in law. (Education Code 220, 230; 5 CCR 4920; 34 CFR 106.41)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The Superintendent or designee may provide single-sex teams where selection for the teams is based on competitive skills. (5 CCR 4921; 34 CFR 106.41)

Each student shall be allowed to participate in any single-sex athletic program or activity consistent with his/her gender identity and for which he/she is otherwise eligible to participate, irrespective of the gender listed on the student's records. (Education Code 221.5)

When a school provides only one team in a particular sport for members of one sex, but provides no team in the same sport for members of the other sex, and athletic opportunities in the total program for that sex have been previously limited, members of the excluded sex shall be allowed to try out and compete with the team. The same standards for eligibility shall be applied to every student trying out for a team, regardless of sex, sexual orientation, or other protected group status. (5 CCR 4921; 34 CFR 106.41)

When determining whether equivalent opportunities are available to both sexes in athletic programs, the Superintendent or designee shall consider, among other factors: (5 CCR 4922; 34 CFR 106.41)

1. Whether the selection of sports and levels of competition offered effectively accommodate the interests and abilities of both sexes

The athletic program shall be considered to effectively accommodate the interests and abilities of both sexes if it meets one of the following criteria: (Education Code 230)

- a. The interscholastic-level participation opportunities for male and female students are provided in numbers substantially proportionate to their respective enrollments.

b. When the members of one sex have been and are underrepresented among interscholastic athletes, the district can show a history and a continuing practice of program expansion that is demonstrably responsive to the developing interests and abilities of the members of that sex.

c. When the members of one sex are currently underrepresented among interscholastic athletes and the district cannot show a history and continuing practice of program expansion as required in item #b above, the district can demonstrate that the interests and abilities of the members of that sex have been fully and effectively accommodated by the present program.

2. The provision and maintenance of equipment and supplies

3. Scheduling of games and practice times, selection of the season for a sport, and location of the games and practices

4. Travel and per diem allowances

5. Opportunities to receive coaching and academic tutoring

6. Assignment and compensation of coaches and tutors

7. Provision of locker rooms and practice and competitive facilities

8. Provision of medical and training facilities and services

9. Provision of housing and dining facilities and services

10. Publicity

11. Provision of necessary funds

***Note: Education Code 221.9, as added by SB 1349 (Ch. 258, Statutes of 2014), requires each school that offers competitive athletics (i.e., any sport that has a coach and a governing organization, practices and competes during a defined season, and has competition as its primary goal) to post the following information on its school web site beginning in the 2015-16 school year and every year thereafter. If the school does not have its own web site, then the district must post that information on the district web site, disaggregated by school site. The following paragraph may be revised to reflect district practice. ***

Beginning with the 2015-16 school year and every year thereafter (at the end of each school year), each school that offers competitive athletics shall post the following information on its school web site or on the district web site if the school does not have a web site: (Education Code 221.9)

1. The total enrollment of the school, classified by gender

2. The number of students enrolled at the school who participate in competitive athletics,

classified by gender

3. The number of boys' and girls' teams, classified by sport and by competition level

The data reported for items #1-3 above shall reflect the total number of players on a team roster on the official first day of competition. The materials used to compile this information shall be retained by the school for at least three years after the information is posted on the web site. (Education Code 221.9)

Health and Safety

The Superintendent or designee shall annually distribute to student athletes and their parents/guardians a concussion and head injury information sheet. The student and parent/guardian shall sign and return the information sheet before the student's initiating practice or competition. (Education Code 49475)

(cf. 5145.6 - Parental Notifications)

If a student athlete is suspected of sustaining a concussion or head injury in an athletic activity, he/she shall be immediately removed from the activity for the remainder of the day. The student shall not be permitted to return to the activity until he/she is evaluated by a licensed health care provider trained in the management of concussions and receives the health care provider's written clearance to return to the activity.
