Board Policy

BP 6142.1

Instruction

Sexual Health And HIV/AIDS Prevention Instruction

***Note: The following policy is for use by districts that offer any of grades 7-12. As amended by AB 329 (Ch. 398, Statutes of 2015), Education Code 51934 requires districts to provide both comprehensive sexual health education and HIV prevention education to students in grades 7-12. See the accompanying administrative regulation for definitions and program requirements. ***

Educational programs are intended to be well-planned, integrated sequences of medically accurate and inclusive instruction on comprehensive sexual health and human immunodeficiency virus (HIV) prevention. The district's programs shall provide students with the knowledge and skills necessary to protect them from sexually transmitted infections and unintended pregnancy and to have healthy, positive, and safe relationships and behaviors. The district's programs are intended to explore understanding of sexuality as a normal part of human development and the development of healthy attitudes and behaviors concerning adolescent growth and development. Instructional programs will also address body image, gender, sexual orientation, relationships, marriage, and family.

Comprehensive sexual health education and HIV prevention education shall be offered to all students in secondary schools, at least once in middle school and at least once in high school. (Education Code 51934)

The district's curriculum shall support the purposes of the California Healthy Youth Act as specified in Education Code 51930-51939, be unbiased and inclusive of all students in the classroom, and be aligned with the state's content standards. The district shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

The Superintendent or designee may appoint a coordinator and/or an advisory committee regarding the district's comprehensive sexual health and HIV prevention curriculum. The advisory committee shall represent a divergence of viewpoints and may participate in planning, implementing, and evaluating the district's program.

Parent/Guardian Consent

***Note: Pursuant to Education Code 51938, as amended by AB 329 (Ch. 398, Statutes of 2015), districts must use an "opt-out" process regarding sexual health and HIV prevention education and any assessments related to that instruction. Thus, each student must receive the instruction unless the parent/guardian notifies the district in writing that the student should not receive the instruction. ***

***Note: In addition, Education Code 51938 requires districts to use as "opt-out" process when administering to students in grades 7-12 an anonymous, voluntary, and confidential research and evaluation tool to measure students' health behaviors and risks, including a the California Healthy Kids Survey and district or site based instruments. For any such research and evaluation tool administered prior to grade 7, Education Code 51513 requires that parents/guardians must give permission before the instrument is administered to their child (i.e., "active consent"). 20 USC 1232h mandates districts to adopt a policy regarding the district's arrangements to protect student privacy when such a survey is administered. See BP/AR 5022 - Student and Family Privacy Rights for language implementing this requirement. ***

Annually, parents/guardians shall be notified, in the manner specified in the accompanying administrative regulation that they may request in writing that their child be excused from participating in comprehensive sexual health and HIV prevention education. Students so excused by their parents/guardians shall be given an alternative educational activity. (Education Code 51240, 51938, 51939)

(cf. 5022 - Student and Family Privacy Rights)

A student shall not be subject to disciplinary action, academic penalty, or other sanction if the student's parent/guardian declines to permit the student to receive the instruction. (Education Code 51939)
