BP 6146.12

## Instruction

### **High School Credit for Concurrent Enrollment in High School and College Classes**

In order to meet individual student needs and encourage all students to complete their high school education, the Governing Board desires to provide flexibility in the completion of prescribed courses in accordance with law.

(cf. 6143 - Courses of Study)  
(cf. 6146.1 - High School Graduation Requirements)  
(cf. 6146.3 - Reciprocity of Academic Credit)  
(cf. 6162.52 - High School Exit Examination)  
(cf. 6200 - Adult Education)

With the active involvement of parents/guardians, administrators, teachers, and students, the Board shall adopt alternative means for students to complete the prescribed course of study required for high school graduation. These alternative means shall be made available to students, parents/guardians, and the public. (Education Code 51225.3)

(cf. 1220 - Citizen Advisory Committees)  
(cf. 6020 - Parent Involvement)

The Board of Education supports advanced learning opportunities for high school students by offering students the opportunity to be concurrently enrolled in high school and college classes and to earn credit on both the high school and college transcripts (though the credit on the college transcript will not count for college graduation).

The Board recognizes that eligible students benefit from advanced academic or vocational work, by attending college classes during any session or term as a special part-time student and to undertake one or more courses of instruction offered at the college level. CVUSD students will be eligible to take a total of two college courses for credit towards high school graduation.

The Board authorizes district and school administration to advise students, when appropriate, of the opportunity to enroll in college educational programs that will enhance learning opportunities for students and that will allow students to begin to experience college-level classes prior to graduation from high school.

Students who receive administrative approval and parent permission to enroll in college classes, while enrolled full-time at a CVUSD senior high school, will be issued credit by both the high school and college(s) accordingly, if the student earns a passing grade in the course.
