

**Glenwood Elementary School**  
**School Accountability Report Card**  
**Reported Using Data from the 2019-2020 School Year**  
**Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

---

#### MISSION STATEMENT

Glenwood Elementary School's educational setting encourages students to reach their full potential academically, socially, physically, and emotionally.

- Glenwood students experience the excitement of learning in an environment that promotes not only basic skills, but also critical thinking skills, problem-solving skills, and the ability to access information.
- Glenwood students work toward acquiring the learning skills of communication, collaboration, critical thinking, and creativity in the context of "lifelong" learning with interactive technology and media.
- Glenwood provides a safe and orderly school climate promoting positive self-esteem, responsibility, citizenship, and achieving one's personal best.
- Glenwood honors, recognizes, and respects the cultural diversity on campus by celebrating the uniqueness of each individual student and staff member; all keys to a stronger learning community.
- Glenwood students and staff explore the blocks of John Wooden's Pyramid of Success and are reminded daily "The Choice for Success is Always Yours".
- Glenwood students, staff, and parents support the school motto, "Keep Your Eyes on Excellence and Take Pride in Your School, Your Work and Your Name" in and out of the classroom.

#### SCHOOL DESCRIPTION

Glenwood Elementary School is one of seventeen elementary schools in the Conejo Valley Unified School District. Opening doors in 1963, Glenwood’s community is rich with cultural, linguistic, and socioeconomic diversity. Goals are reflected in the Single Plan for Student Achievement and demonstrate support for all students in reading, writing, math, and student connections for all subgroups. Student data is gathered and monitored regularly by teachers during the year to create intervention groups in the areas of Language Arts. The staff uses data from trimester progress reports, report cards, grade level and trimester Benchmark assessments, and classroom assessments to monitor student progress and plan intervention and instruction groups. For the 2020 - 2021 school year identified Glenwood students have a 25 minute dedicated time period four days a week using credentialed academic specialists for focused instruction in language arts called Target Time. For the 2020 - 2021 school year Glenwood will be using the Lexia software program for on-line intervention with instructional support from the Target Time teachers. The model allows for both in-person and remote students to receive intervention support virtually during their designated reinforcement time. Glenwood's identified English Learners needing additional support have been offered additional virtual support in the lower grades with the software program called Smarty Ants for Language Arts and Imagine Learning in the upper grades for Language Arts and math. Glenwood hosts an after school program with the ASES Grant with STAR Inc. that serves 80 students each school day providing tutorial, homework, and supplemental activities. Due to the pandemic the 80 students have been divided into 2 cohorts each to support families of in-person instruction with after school supervision for a modified time period.

The Glenwood general education teaching faculty agreed for the 2020-2021 school year to each teach one Blended Cohort and one Remote Cohort. This model has provided support for instruction for any blended students who are at home for various reasons when in-person instruction is allowed to access the teacher's remote cohort. This model has allowed the continuation of direct instruction with their same teacher during the pandemic.

We are fortunate to be able to support our students with a part time bilingual counselor, a part-time bilingual Social Worker, and a part-time bilingual Parent Outreach Coordinator position. They work to support our students and coordinate our parent education meetings. They bring resources to assist any at-risk families and guide them to the many community resources available. In addition, we are grateful for the support of four bilingual paraprofessionals who work on our campus daily providing translation services and support in classrooms.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## **Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)**

**Year and month in which data were collected:** December 2020

All TK-12 students have current standards-based textbooks in math, science, history/social science, and English/language arts. With each curricular cycle established by the State of California, the Conejo Valley Unified School District (CVUSD) Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in grades TK-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, math, history/social science, science, health and foreign language. In addition, annually, sites receive specific science supplementary funds to be used for consumable expenses and/or equipment. The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing current state standards and frameworks, analyzing student data, writing courses of study (as required) and selecting and maintaining current instructional materials. The goal of such district-wide committees (comprised of teachers and administrators representing all targeted grade levels), is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language, and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. On October 6, 2020, the CVUSD Board of Education approved a resolution for the 2020-2021 school year, declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

## School Facility Conditions and Planned Improvements

Each fall, a team that consists of all or many of the following personnel, inspects each school in the Conejo Valley Unified School District: Site Administrator, Director of Maintenance and Operations, Director of Planning and New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any observed condition that represents a threat to the health and safety of students and staff is annotated for immediate correction. Notes include items that could improve the utility, appearance, sustainable maintenance, or safety of the school and are recorded and evaluated for potential placement on the District’s annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District schools' needs and the funds available to address those needs. The Board of Education approves the final list in the spring, so the majority of the projects detailed are completed the following summer. Funds available through participation in the State’s Deferred Maintenance Program represent a significant source of support for the annual Major Projects List each year. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction and has had no required contribution to the Deferred Maintenance Fund since the 2008-09 school year. Therefore, the State’s annual contribution is available to use for other “educational purposes”. This flexibility continues through the current school year. Deferred Maintenance Program projects will be prioritized and financed with carryover funds from previous budgets or as augmented by future funds.

The District provides 2 full-time custodians at Glenwood Elementary and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Glenwood Elementary was opened in 1963. Sited on 10.01 acres of land, the school had 27 classrooms, a multipurpose room, a library, and an administration building until 2010 when the site was expanded and the campus divided to accommodate Bridges, a new Charter school. The campus underwent modernization in 2000, replacing and upgrading underground utilities, restrooms, doors, and improving accessibility under ADA. The current capacity at Glenwood is 510 students. The District Site Inspection Team assessed the school on December 26, 2019.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

Mathematics (grades 3-8 and 11)	31	N/A	58	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2020-2021)

---

#### OPPORTUNITIES FOR PARENTAL INVOLVEMENT

Glenwood Elementary School has a hardworking parent community who are constricted at times by work schedules but support the school in whatever capacity they are able. Glenwood’s Parent Teacher Association (PTA) continues to work on increasing parent involvement at the meetings and is excited to report a significant increase for the 2020-2021 school year. Parents involved in the PTA are English only, Spanish only, and bilingual parents who join with the common goal of providing experiences for and supporting the students of Glenwood. Dedicated and hard working parents always show up to work and support school-wide events like the fall Monster Mash, the annual Holiday Pancake Breakfast, and the Spring Jog-A-Thon. Due to the pandemic, the school is unable to have in-person gatherings but continues to work on efforts for fundraising to support the students.

Glenwood Elementary has both a School Site Council (SSC) and an English Learner Advisory Committee (ELAC) composed of parents, teachers, and staff. The Site Council, assisted by the English Learner Advisory Committee, develops an annual School Plan for Student Achievement and a budget to support implementation of the goals outlined in the school plan.

During the pandemic, the number of parents attending ELAC and PTA meetings has increased due to the ease of attending on zoom vs. looking for babysitters and/or transportation . The School Outreach Coordinator and Office Manager assist in updating the website. A weekly Gator Gazette is sent each Friday by e-mail to parents in both Spanish and English providing parents with school information, district information and community information.

Contact Glenwood's Principal, Vivian Vina, at (805) 495-2118.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**Suspensions and Expulsions**

**(data collected between July through June, each full school year respectively)**

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	1.8	1.3	2.3	1.6	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

**Suspensions and Expulsions for School Year 2019-2020 Only**

**(data collected between July through February, partial school year due to the COVID-19 pandemic)**

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.7	1.3	2.5
Expulsions	0.0	0.0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

## School Safety Plan (School Year 2020-2021)

Site-specific Comprehensive School Safety Plans covering school site facilities are updated each year and reviewed with site council and school staff. Safety plans include SEMS assignments, emergency response teams and contact information, emergency supply inventory, specific school site information (layouts, schedules etc.), school rules related to discipline and safe schools, staff rosters, and identification of emergency assembly areas. Related District policies and administrative regulations are reviewed and updated on a regular basis to remain current and consistent with new law.

A communication system consisting of alternate powered and mobile two-way radios has been assigned to each site and tested at least annually. Each classroom and office has a phone with dial out and 9-1-1 capability.

The District's Human Resources Department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also employed an Automated External Defibrillator program at each location.

The District is working in collaboration with the Ventura County Department of Health and the Ventura County Office of Education to ensure that our school Reopening and COVID-19 Mitigation Plans and COVID-19 Safety Plan are in compliance with health department directives.

### Types of Services Funded (Fiscal Year 2019-2020)

Per pupil expenditures include funds expended for all instructional services. These include transportation, Child Nutrition, health services, counseling services/mental health services, instructional materials, and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI (school choice) and Alternative Support Services (seven elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners/LEP, and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the District. The Conejo Schools Foundation, PTAs, and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education Incentive Grant.

The Conejo Valley Unified School District is committed to providing professional learning activities for all classified and certificated staff members. Staff continues to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards. A robust professional learning effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities. The District's Local Control Accountability Plan (LCAP) prioritizes an entire goal with subsequent actions and services in order to "ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes."

Professional learning strategies such as workshops, virtual webinars, institutes and academies, as well as job-embedded activities relate to Universal Design for Learning, Social Emotional Learning, Educational Technology, College and Career Readiness, Positive Behavior Support, Smarter Balanced Assessments, and other required skills and competencies to meet the needs of all students. Professional learning topics align with District and school site needs identified through and outlined within the District's LCAP goals and the schools' School Plan For Student Achievement. Professional learning for high school faculty and staff members align with each school's WASC action plan.

The District also provides an accredited and free Teacher Induction Program to first and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

Site administrators receive continuous training at weekly meetings and through a full-day training at the start of the school year. Furthermore, the Ventura County Office of Education offers a professional learning series specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, social-emotional learning, supervision, evaluation, and leadership.

In addition to professional learning activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional learning activities to every educator to improve the instructional process and enhance student achievement. Teachers and administrators participate in three full-day trainings to support curriculum, instructional technology, assessment, report cards, instructional strategies, and the use of data to teach all students.
