Title I School Program Improvement Professional Development*

August 2017

Dear Parent or Guardian,

Conejo Valley Unified School District (CVUSD) is a premier educational setting where students excel and consistently outperform their peers across the county, state, and nation.

This past spring your child took part in the 2017 California Assessment of Student Performance and Progress (CAASPP), the computer-based tests for English Language Arts literacy and Mathematics. CAASPP is an annual assessment. Enclosed you will find your child's individual score report for the 2017 test administration.

The exams are part of California's comprehensive plan for supporting high-quality learning at every school. They designate how well your child is progressing toward mastery of knowledge and skills needed for success in future coursework, college and a 21st century career.

If you would like more information regarding CAASPP testing, you may access information at:

- California Department of Education website: <http://www.cde.ca.gov/ta/tg/ca/>
- CVUSD CAASPP Webpage which also contains links to practice tests:
[http://www.conejousd.org/Departments/InstructionalServices/Curriculum,Instruction,andAssessment/Assessment/CAAssessmentofStudentPerfProgress\(CAASPP\).aspx](http://www.conejousd.org/Departments/InstructionalServices/Curriculum,Instruction,andAssessment/Assessment/CAAssessmentofStudentPerfProgress(CAASPP).aspx)

These results are also being provided to your child's school, who will use them to set learning goals for students for the 2017-2018 school year. We invite you to take an active part in those discussion. If you have questions or concerns about your child's progress, please call the school office to arrange a conference with your child's teacher.

For parents of students that were in grades 5, 8 and either grade 10 or 12 for the 2016-2017 school year:

Students district wide in grades 5 and 8 along with grade 10 at Newbury Park High and Thousand Oaks High, and grade 12 at Conejo Valley High and Westlake High schools were administered the pilot of the new CA Science test based on the California's Next Generation Science Standards (NGSS). Pilot tests are not scored.

Sincerely,

Dr. Jennifer Boone
Director
